

## *Carolle Monette*

*I am a mom and Grandma first  
and foremost and a playful  
person with a positive attitude.*

I love everything beautiful, including nature, landscapes, sunrises and sunsets to name a few.

I am a big fan of fishing and walks in the forest, camping, etc. My hobbies are sewing, reading, knitting, painting and more.

In addition to my daily activities, I like to help people as much as I can. This includes the dozens of hours I have been spending with a lady with moderate trisomy, for 5 years now, to give her mother a break. I also spend most of my days with my Husky, now 10 years old, and walking is our favourite activity.
